## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 32-34 are rejected under 35 U.S.C. 102(b) as being anticipated by Swanson et al. (6,183,468). Swanson et al. disclose a system comprising :  
a processor (102) with a memory configured to store a plurality of code modules (algorithms) for delivering energy to raise a temperature of tissue to a first target temperature followed by a dwell time and then to a second temperature for a second dwell time; wherein the system comprises a power supply (106) coupled to the processor and further comprising an applicator (108) coupled to the power supply (Figure 2, col. 6, lines 23-65 and Figure 13, col. 19, lines 27-42).

### ***Allowable Subject Matter***

Claims 1-31 and 35 are allowed.

### ***Response to Arguments***

Applicant's arguments filed 10/30/2006 have been fully considered but they are not persuasive. Swanson discloses more than the claim recites by also raising the temperature to a set point temperature, but clearly raises the temperature from T(1) to

T(2) as claimed with the dwell time shown in the cover figure being from about 12-18 seconds.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
